

# CONVICT REGISTER

## THE HASTINGS

1821- 1837

2004

# INTRODUCTION

The following register is a list of persons recorded as convicts and who have spent a part of their lives in Port Macquarie. Some of the convicts may not have served their time here but lived in the area at a later date. The register is organized alphabetically by convict's name. There are 14 columns as follows

Convict's name	
Age	See note
Status	Combination of C/CS means that a convict with a later colonial sentence - this is not always indicated
Ship of Arrival in Australia	
Year/Date of Arrival	
Time	Period of sentence
Port Macquarie Ship Arrival in Port Macquarie	This date is not always correct as it is the date that the convicts were listed in preparation for their removal to Port Macquarie
1822	Muster
1823-5	Muster
1828	Census
1837	Muster
CSX	Index to Colonial Secretary's papers
WS	Port Macquarie The Windingsheet

The register shows the year/date when the convict was first recorded in connection with Port Macquarie, and then provides further references where applicable. For example, a person may appear in the 1822 muster only or in every census following if they continue to be in this area. There is a Y to show that they are recorded in Index to the Colonial Secretary's Papers and/or in the book *Port Macquarie The Winding Sheet*

## Explanatory notes

**Age** This has been given as an aid to the researcher but it should be noted that there is uncertainty as to whether the age given in the various documents relates to the entry of the convict to Australia, or the time of the particular muster/census. Where the D is used with age it denotes that the person's age was at death as given in *The Windingsheet*.

**1828 census** – "Respite" in the Time column means a reprieve before a capital sentence was made. This probably means that this person would receive a colonial sentence.

### 1837 muster

- There are no entries for convicts with names beginning K, X, Z. These pages have not survived. This means that there were about 800 – 1000 names missing for this period.
- There are errors in ages given (10-15%) so they may differ to other records.

### **Abbreviations used**

C	Convict
CS	Colonial Sentence
CSX	Colonial Secretary's Index
D	Death
PM	Port Macquarie
R	Respite
TL	Ticket of Leave
WS	Port Macquarie the Windingsheet
